**Description of Services:** Services Provided: Services Provided: The experienced and dedicated staff at L'Acadie work individually with each resident to better understand their needs. A Person Centered Planning Process is utilized and reviewed on a quarterly basis to develop and ensure consistent and comprehensive treatment. This plan identifies each individual's needs and defines tasks and suggested timelines to meet treatment goals. Compassionate care is given to all residents from caring staff who are actively involved with residents in day-to-day activities in residence and in the community. Community integration is encouraged through planned social gatherings and pre-planned activities. When considering options of care for your loved one, we hope you will give us a call. We would love to meet you and arrange for a tour of our facility. L'Acadie provides continuous aggressive and consistent programs of specialized and generic training, treatment, health services and related services that is directed toward (1.) the clients' acquisition of behaviors necessary to function with as much self-determination and independence as possible; and (2.) the prevention or deceleration of regression or loss of current optimal functional status. We provide 24 hour nursing services and develop health care plans specific to each resident for health prevention, maintenance, and general well-being. We are committed to individuals with physical and developmental disabilities who have nursing and active treatment needs. We place the emotional, mental, physical, and spiritual needs of our residents at the center of what we do. We aspire to improve the quality of life to the individuals we serve.
